

Nezam

© Company Overview

Nezam Trading Company was established many years ago with the aim of producing various types of hygienic detergents. Nezam Trading Company is one of the first producers of various types of laundry detergents, dishwashing liquids and soaps in the Middle East. It is one of the leading companies and pioneers in the detergent industry in the Middle East. This brand not only has a special position in the Middle Eastern markets, but also in the markets of European and American countries. It has found many satisfied customers worldwide. Nezam Trading Company describes the high-quality system of its products in accordance with customer satisfaction and considers it as the key to its success.

◎ Business Description

The spread of the population and various diseases such as Covid 19 has increased health concerns amongst people, and it has become an important factor in people's daily lives. This issue has increased people's daily need to use detergents such as washing powder and soaps. Therefore, various countries in the world have established factories for the production of different types of detergents, among which the United States, with a trade value of \$ 558 million, ranks first in the production of this product worldwide. Germany, Indonesia and Malaysia rank second to fourth in the world with a trade value of 524 ,543 and 456 million dollars, respectively. Nezam Trading Company has also managed to meet the traders' needs as a large producer of detergents by offering its high-quality products to the Middle Eastern markets with its large and advanced factories equipped with high-tech machines to become one of the top brands producing detergents in the world.

◎ Vision and Values

The vision of Nezam Trading Company in the near future is to produce world-class products by using high-quality raw materials and utilizing modern science in this field.
